Program registration begins Wednesday, April 1, 2015.

All programs must meet a minimum number of participants to be held. Please register early for all programs! Drop-ins are only permitted if space allows.

We value your feedback!

Please help us improve our programs! If you are unhappy with the quality of a program, please inform staff at the Recreation Center immediately.

Three Easy Ways to Register:

1. Online - www.thewoodlandstowship-tx.gov, click the "Register for Rec Programs" button.
2. Phone - 281-210-3950
3. In person - The Woodlands Township Recreation Center

The Woodlands Township accepts VISA, MASTERCARD, AMERICAN EXPRESS and DISCOVER.

Waiver:

By nature, many recreation programs involve body contact, considerable physical exertion, emotional stress and/or use of equipment that represents a certain risk to participants. It is recommended that you check with your physician prior to participating in any programs. Registrants in any program assume responsibility for all risks, implicit or direct, by participation in said activity or facility. Participation in any parks and recreation activity constitutes a waiver of certain rights. See inside back cover for waiver and release wording, including the photo/media waiver. Please call The Woodlands Township Recreation Center at 281-210-3950 or visit www.thewoodlandstowship-tx.gov for more information.

The Woodlands Township is a runner and bicycle friendly community!

BAYOU CITY FENCING ACADEMY

BEGINNERS CAMP

Raise your fitness, both mentally and physically, while learning this exciting sport. Instructors are from the Bayou City Fencing Academy and include Delfina Perka, a member of the 1980 Polish Olympic Team, and Albert Peters, former head coach of fencing at Cornell University. Sessions include footwork, technical instruction and bouting. First month all equipment provided.

BUILDING BRAINS

LEGO® ENGINEERING I: PRE-K

Instructors use LEGO® Duplo and K'NEX® to build math and science skills. Using building kits with gears, levers and pulleys, campers build simple machines that work. Improves literacy by memorizing poems in conjunction with hand motions for gears, levers and pulleys.

LEGO® ENGINEERING II: ELEMENTARY

Campers build build math and science skills while building simple machines using gears, levers and pulleys. They then motorize them using LEGO® and K'NEX® educational kits. Builds fine motor skills, critical thinking, imagination and confidence.

LEGO® ENGINEERING III: INTRODUCTION TO ROBOTICS

Learn to build simple machines using gears, levers and pulleys and then motorize them using LEGO® and K'NEX® educational kits. Campers are introduced to robotics by programming machines with a computer. Reinforces elementary school STEM curriculum.

CITY ART WORKS

SCULPTURE MAGIC

Campers develop a sculpture from idea to finished piece. They gain experience with three-dimensional materials such as clay, wood, paper, metals, and fiber. Supplies and tools are provided.

COOK, LEARN, GROW

www.cooklearngrow.com

SUMMER COOKING CAMP RESTAURANT WEEK

Campers learn how to run a restaurant and dining etiquette. Explores different types of restaurant cooking and service. Campers learn about technique, money skills and social skills. Campers prepare and serve a meal to their parents on the last day of camp.

COOKING FROM THE FARMER'S MARKET

In celebration of American Farmer's Markets, campers learn where food comes from, the growing process, seasonal foods, composting, cooking techniques, and practice money skills at their own camp farmer's market. Campers prepare and serve a meal to their parents on the last day.

KID'S CAN COOK

Learn the basics, discover new foods, roll in the dough and satisfy a sweet tooth at this summer cooking camp. Campers prepare and serve a meal to their parents on the last day.

MASTER JUNIOR CHEF COOKING

Join us for a week of challenges, team work, showdowns, technique and tasty fun. Be the next Master Junior Chef! Campers prepare and serve a meal to their parents on the last day.

DISCOVERY KIDS

CHARACTER CAMP

Explore storybook characters who have made it to the big screen! Campers will make snow like an ice queen, conquer pretend mythological creatures, and go on a quest to save the world.

LEGO® SPY CAMP

Learn the science behind cool spy gadgets and build a take-home spy car made out of LEGO®. Begin secret agent training by navigating a "laser" maze, making spy helicopters, rockets and cars. Then follow the clues to defeat the enemy, all while having fun building with LEGO®.

ENGINEERING FOR KIDS

AGENT OF CHANGE

Become an agent of change and look at ways to get things moving without batteries! Campers explore the power of kinetic and potential energy, while working together to harness energy from not-so-obvious energy sources.

DESIGN THE FUTURE

What does the future look like? Campers help design the future of transportation and manufacturing. Course explores ways to harness clean energy and house a growing human population.

LEGO® WeDo® ROBOTICS

For younger campers, this program introduces campers to robot design and programming. They use basic machine principles to create robots capable of performing simple tasks.

PROGRAMMING WITH SCRATCH

Don't just play video games, make them! Send an astronaut to the moon and defend a moon base from space rocks. Use *Scratch* software to create and program sprites, backdrops, and basic scripts.

TRAVELING INTO THE FUTURE WITH MINECRAFT®

Using the engineering design process, campers explore how to build a city on a series of islands, escape a bunker on Mt. Everest, or build a rocket to land on the moon. Challenges are solved while making a virtual world in *Minecraft*®.

ROBOTICS MISSION TO MARS

Campers design and program LEGO® robots (EV3) to explore a planet, find shelter, and collect soil samples. LEGO® MINDSTORMS® Education EV3 Software (based on National Instruments LabVIEW™) is used to program and control the robots with cell phones or tablets via Bluetooth® and wi-fi.

THE ENGINEERING OF POWER & ENERGY

Today's engineers encounter a range of challenges when capturing power and energy. Campers work together to harness energy from some not-so-obvious energy sources, as well as explore the powerful possibilities of kinetic and potential energy!

THE GREAT OUTDOORS

Campers explore engineering designs to help explore the great outdoors. Build a tent, design waterproof clothing and engineer a survival pack. Every camper goes home happy after this week of fun.

FAST FORWARD KIDS

CAMP BARBIE®

Campers help Barbie learn things she needs to know, including dressing for the occasion, practicing good manners, making new friends, the value of school work and how to explore careers!

CREATIVE PROJECT EXPRESSIONS

Designed for campers with higher order thinking skills. Plan, create and construct a series of projects. Each day brings new challenges!

FASHION DESIGNER

Young girls design their own fashions! Includes sketching, color and pattern coordination and cultural fashion history. Girls are grouped into teams for activities such as White Wedding and Fashion Showdown. *No sewing.*

FAST FORWARD KIDS, cont'd.

I'M AN AUTHOR

Designed for all writing skill levels, students have fun with writing while learning about voice in all genres.

LEGO® DESIGNER

Exercise LEGO® skills in new ways! The unique collection of LEGO® kits captivates young minds!

LEGO® EXPERT

A real LEGO® Expert teaches projects that have never been done with LEGO®!

LEGO® LOGO

Campers use special LEGO® kits, not found in stores, for hands-on construction of robots, race cars, 4X4 trucks, cranes, pulleys and levers. Certified educator guides exploration of math, science and technology.

LEGO® MANIA

Certified educator guides LEGO® buffs in the construction of dinosaurs, rockets, castles, forts, airplanes and cars. Plenty of LEGO® pieces for everyone! Enriches creativity, eye-hand coordination, problem solving and critical thinking.

FUN ACADEMY

Explore dinosaurs, prehistoric volcanoes, animals, food, transportation and the solar system. With tracks and obstacle courses, Hot Wheels® car lovers discover math and physical science. Includes story time, reading time and take-home projects.

SURVIVAL TACTICS CAMP

During survival situations, the four basic needs become shelter, water, fire and food. Learn how to purify water, signal for help, search for edible food, set up a shelter.

FURY BASEBALL

INSTRUCTIONAL CAMP

Clinic offers instruction of all aspects of the game, including proper mechanics and fundamentals. Instruction is by Fury Baseball Academy. Fee includes T-shirt.

Note: Class does not meet on Tuesdays.

TGA PREMIER JUNIOR GOLF

www.playtga.com

GOLF MINI CAMP

Camp includes instruction on rules and etiquette, putting, driving, games and challenges, fitness awareness and character development. Mini tournament held on last day of camp. All equipment provided.

i9 SPORTS

Note: Please visit www.i9sports.com or call 281-744-4322 to sign up for i9 Sports camps.

SUMMER CAMPS

Beginner and intermediate levels. Campers receive a sportsmanship medal and participant T-shirt with registration. Ages: 4 - 13
Fee: \$135 Resident, (\$5 late fee begins the Friday before camp start date.)

i9 Sports Flag Football Camp

Covers player positions, offensive and defensive drills and schemes, passing, receiving, quarter-backing, defending a receiver, flag pulling skills, and scrimmaging.

i9 Sports Soccer Camp

Familiarizes participants with passing, shooting, dribbling, offensive and defensive drills and positioning, playing goalie, and scrimmaging.

i9 Sports T-Ball/Baseball Camp

Covers all aspects of baseball, including drills in fielding, throwing, and catching. Campers will have hitting practice with a batting tee or coach pitch, depending on age and ability.

Soccer, Flag Football, and T-ball/Baseball

iKIDS

AROUND THE WEEBOT WORLD

Explore LEGO® robotics with soccer-bots of Brazil to animal-bots of South Africa, build castles in Europe and igloos in Alaska. Includes souvenirs, cultural and geography activities, and a digital photo book.

ART BOTS

Explore art concepts and creativity with LEGO® Robotics. Campers create motorized spirographs, sculptures and abstract pieces, learn about art history, apply problem-solving skills, and use basic computer programming to bring creative ideas to fruition.

DIGITAL MEDIA MAGIC

Learn digital media tricks while discovering important concepts in photography and movie creation. Explore animation, green screen technology and photo transformation. Use a variety of digital media applications (*Photoshop* and *Movie Maker*).

DIGITAL MEDIA MYSTERY

Solve the mystery of digital media and learn behind-the-scenes secrets of photography and movie creation! Discover animation, green screen technology, photo transformation using a variety of digital media applications.

FAIRYTALE FINE ARTS

Art, music, drama, and dance are the focus of this fairytale-themed camp! Campers enjoy singing, dancing, hands-on art, and the basics of acting.

LAND OF LOST BOTS

Travel on a fascinating journey to a land filled with animal encounters and mythical beings! Experiment with LEGO® robotics by building dinosaurs, creatures, humanoids and time machines.

LEGO® TECH LUAU

Hula over to LEGO® Island to build robotic sea animals and water vehicles. Explore the boardwalk and build ferris wheels and other rides. Enjoy sand castles, water activities, beach ball play, pretend surfboarding.

LEGO® TECH TIME MACHINE

Travel from prehistoric jungles to medieval times to the old west, and then on to the future using LEGO® robotics! Build simple mechanisms and robotics to learn about each time period, including animals, catapults, and rocket ships!

iKIDS cont'd.**LEGO® TECH USA**

Use LEGO® USA robotics to explore America's favorite things, such as cars, sports and space! Have fun with LEGO® building for each road stop and "tourist attraction". Includes map activities, technology discovery and creative play.

ROBOTICS GO GREEN

Explore alternative energy sources using LEGO® robotics! Build machines with solar panels, turbine blades, generators, LED lights and sensors to learn energy concepts. Includes educational games with green challenges and building a model city.

WEEBOT WONDERLAND

Use LEGO® robotics on an storybook adventure with mystical creatures! Create a digital storybook with robot dragons, giants, kings, and queens! Take digital pictures of the characters, add music and narration. Includes a scavenger hunt and other related activities.

ZOO BOTS

Imagine using LEGO® to make a peacock spread its feathers or make a frog jump! Use LEGO® Robotics to build model NXT animals and program them to life. Create a LEGO® Zoo to learn about habitats and different animal behaviors.

CSI SPY SCIENCE

Campers go undercover with spy science! Learn about forensic science by dusting for prints, exploring microscopic evidence and following character clues to solve science mysteries.

SCIENCE CLUB MYSTERIES

Campers decode clues, play robot games, solve science puzzles, explore experiments, and use electronics to shine some light on each new mystery case.

SILLY SCIENCE STORIES

Blast off into an imaginary world of enchanting electronics and beautiful biology! Fill a secret science chest with science gems and help characters with ph potions, fairytale physics and chemistry crafts.

SMARTSY ARTSY SCIENCE

Use science to create far-out art! Photo shoot sound waves, use science to create sculpture, experiment with electronics, and build robots to produce unique art pieces.

SO COOL, SCIENCE!

Science has never been so cool! Uncover caves, explore space, discover dinosaurs, and solve computer missions with nationally recognized software powered by Discovery Kids.

SUPERHERO SCIENCE

Help super heroes fight crime using science! Participants learn the science behind super powers, engineer escape routes, and save the day while creating a comic book!

PLAY WELL TEKNOLOGIES

www.play-well.org

PRE-ENGINEERING / ENGINEERING FUNDAMENTALS

Using LEGO® kits campers enhance their problem solving and critical thinking skills while being exposed to the concepts and vocabulary of engineering, architecture and physics. Includes awesome motorized projects!

SPORTS OF ALL SORTS**SUMMER CAMP**

Campers find out what sport they want to play! Little athletes will love getting a taste of basketball, soccer, playing catch and working as a team!

TEXAS RUSH SOCCER

www.texasrush.com

SUMMER SOCCER CAMP

Texas Rush professional coaches deliver an action packed camp focusing on individual fundamental skills (receiving, dribbling, passing and shooting). Campers play daily competitive small sided games and their own world cup themed tournament.

WONDER SPACE**3D PRINTING**

Create a 3D thing-a-ma-jig on the computer, print it out on a 3D printer and take it home! Campers learn the elements of 3D modeling and printing.

APP GAME DESIGN

Campers learn how to create games for the iPhone, iPad, and Android devices. Each day involves creating different games and learning the basics of GameSalad. Campers learn the program capabilities and how to use them to create their own games.

MINECRAFT® MODDING

Take the first steps into the world of programming with *Minecraft: Python*. Campers learn the basics of *Python*, then test out their coding skills in real-time. Campers level entire mountains, build sprawling cities, or teleport across the map.

Class schedules listed on page 9-10.

Seven 30-minute group lessons per session.
The final Friday of each session is reserved for makeup class, due to weather or pool closures as determined by Township staff.
